

Letter of Recommendation

Applicant's First Name

Applicant's Last Name

With regard to the consideration of my admission to The Quantitative Finance Doctoral Program (QF), I (the applicant)

waive my right of access to any confidential letters and statement that may be collected, provided that upon my request I will receive notice of the names of all persons making confidential recommendations and that such recommendations will be used only for the purpose of evaluating me for admission to a graduate program.

Note to The Recommender

The applicant whose name appears above is applying to **The Quantitative Finance Doctoral Program**. We welcome any information you can provide regarding the performance of this person in graduate study as well as his or her capacity to do independent scholarly work. Please comment in detail about the applicant's potential for success in this program. Explicit descriptions of academic strengths and weaknesses are more helpful to the applicant than routine praise. We realize that it requires considerable time and effort to write a thoughtful letter and greatly appreciate your candid evaluation. Thank you for your significant contribution. You may use the space provided below or attach a separate letter.
